## **Talented EEG/EMG Techs are Invited to Join Our Team in Calgary!**

Perform standard and complex EEG recordings and assist in the performance of EMG and Nerve Conduction Studies. Assist in the inservice training and mentoring of junior technologists. A challenging work environment provides opportunities for personal achievement and career growth. There currently are positions available in Calgary. These positions will allow you the opportunity to work in unique environments at different hospitals in the city.

Also opening summer of 2012, the South Health Campus is a full service hospital and healthcare facility including a broad range of inpatient and outpatient services. The state-of-the-art Campus will focus on wellness services for the people it serves, incorporating the latest technology innovations. Several employment opportunities for this campus will become available in the near future.

Discover a special community in Calgary offering you a lifestyle and standard of living second to none. Alberta does not charge retail sales tax and boasts the lowest personal income tax of any province in Canada. Imagine spending time with your friends and family while enjoying Calgary's first class amenities and exploring the natural beauty of the city.

Alberta Health Services rewards staff with highly competitive salaries. A variety of incentive programs such as relocation packages and temporary accommodation assistance are available to assist in facilitating your move.

### ***Qualifications:***

- Successful completion of either the Canadian Board of Registered EEG Technologists or Board of Registration of Electromyography Technologist of Canada exams or equivalent. Working towards registration of both is desired.
- EEG technologists must have current EEG registration with the Alberta College of Medical Diagnostic and Therapeutic Technologists.
- Graduation from a formal Electrophysiology program is desired.
- 2 - 3 years experience in a Clinical Neurophysiology lab preferred.

Take advantage of this exciting opportunity and join our team!
