

Senior Certified EEG Technician, EEG Services

Who we are

London Health Sciences Centre (LHSC) is a world-class academic health sciences centre located in the southwestern Ontario city of London. Just two hours from Toronto and two hours from Detroit, London features a beautiful and walkable downtown core located on the Thames River, a vibrant culinary scene and scores of activities that highlight local arts, culture and music. LHSC is London's largest employer! Nearly 15,000 staff, physicians, students and volunteers provide care for more than one million patient visits per year. We are one of the Canada's largest acute care teaching hospitals; caring for the most medically complex and critically ill patients in southwestern Ontario and beyond. Our staff, physicians and scientist are recognized internationally for the significant contributions they have made towards the advancement of health care, and we train thousands of health care professionals from across Canada and the world.

Program Overview

The Clinical Neurological Sciences (CNS) program provides patient-centred care to Acute Neurology and Neurosurgery patients. Specialty care within Neurology includes: Epilepsy, Movement Disorders, Neuromuscular Disorders, Regional Stroke Program, Regional Multiple Sclerosis Clinic, and Neuro-Critical Care.

The Epilepsy Monitoring Unit (EMU) was founded in 1987 by Dr. Warren T. Blume and Dr. John P. Girvin. The Epilepsy Program at LHSC is widely recognized for its highly qualified team of professionals consisting of Neurologists, Neurosurgeons, Epileptologists, Nurses, Clinical Psychologist, Neuropsychologists, Psychometrist, Social Worker, Occupational Therapist, Electroencephalograph Technologists, Epilepsy Navigator, Epilepsy Fellows, Neurology Residents, and Personal Support Workers.

The EMU at University Hospital has become the largest in Canada and the 11-bed unit provides care for national and international patients. The Epilepsy Unit is devoted to the investigation of patients for possible epilepsy surgery, aids in the diagnosis of epilepsy and other related conditions, and evaluates patients for other types of treatment. Three of the main reasons for EMU admissions are diagnosis, classification of seizure type and pre-surgical evaluation.

Position Summary

EEG Services

OPSEU UH TECHNICAL

This position is covered by a collective agreement.

Hours: Full-time

Application deadline: Open until filled

Rate of Pay: \$33.65 per hours - \$46.48 per hour
